

# [Tours-GCW] Applying Custom Charges

+ Add

## Description

When the user needs to apply a custom charge to the booking.

## Test Scenario

Given the user needs to apply a custom charge when they are booking then the total cost should be adjusted correctly.

Dependencies

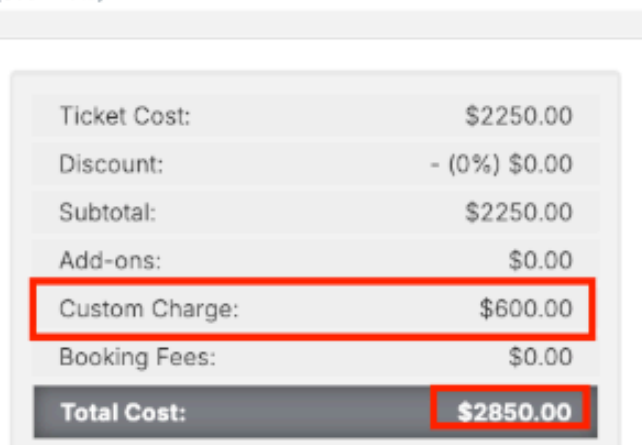

None

## Preconditions

- valid username and password
- for access to site: [gcw.testingnat.com](http://gcw.testingnat.com)

## Test Steps

1. go to [Tour Operator Staff Log-in | Native American Tours](#) to create a new booking
2. Select 'Zipline' from the 'Select Tour Package' dropdown menu
3. Select any time slot time
4. Select any number of guests, like 50
5. click the button '\$ Custom Charge'
6. Enter amount, like 600
7. Enter note, like 'car rental'
8. Click the Submit button
9. (See Photo)

The screenshot shows a booking summary table with the following items:

Ticket Cost:	\$2250.00
Discount:	- (0%) \$0.00
Subtotal:	\$2250.00
Add-ons:	\$0.00
Custom Charge:	\$600.00
Booking Fees:	\$0.00
<b>Total Cost:</b>	<b>\$2850.00</b>

The 'Custom Charge' row and the 'Total Cost' row are highlighted with red rectangles in the original image.

## Expected Test Step Results

When entering the amount for custom charges and note and clicking the submit button, the total cost should be adjusted according to those charges.
